

REMARKS

This is a Supplemental Preliminary Amendment to the Substitute Specification and Marked-Up Copy submitted with the filing of the application, and the Preliminary Amendment filed on February 7, 2007.

The specification and claim 3 have been amended to correct a typographical error. More specifically, the units of permeability have been corrected to read: g/m² - 24 hours. No new matter is entered hereby as a person of skill in the art would immediately recognize that the originally stated units were a typographical error. Therefore, entry of this Supplemental Preliminary Amendment is requested.

If a telephone conference would be helpful in resolving any issues concerning this communication, please contact me at the below-listed telephone number.
